The **3rd World Junior Pairs Championship** will be held July 9-11, 1999. It comprises four 'barometer' sessions without qualifiers and finals.

Scoring is by match points across the field, according to the *barometer* system, whereby running scores are published during play, every few rounds.

Computer dealt hands and bid boxes, but no screens, will be used.

All **systems** of bidding and card play must comply with the *WBF Systems Policy*. Each pair must complete a *WBF Convention Card* and lodge it with the Appeals Committee upon arrival.

The Championship is open to all member countries of the WBF. Each country may be represented by an **unlimited** number of pairs. With the consent of both NCBOs involved, **transnational** pairs will be accepted. Entries should be made exclusively through the NCBOs. The **entry fee** is 200 Swiss Francs per pair.

All players must have been born in 1974 or later.

Silver cups will be awarded to the first three pairs, as well as the best pair of players born in 1979 or later. **Souvenir gifts** will be given to the best ten pairs, and **WBF Master Points** will be awarded in accordance with the WBF Master Points scheme.

Participants will have plenty of **free time** to spend as they wish within the framework of the Camp.

All WBF member countries are invited to participate in the Camp. Participants should, in general, be 17-23 years old. The level of play is not important. Entries must be made through the NCBOs.

A Bridge Camp is a gathering of young people who wish to spend some time full of bridge, other activities and fun - while making new international friends and strengthening old relationships.
