Re: 2022 FISU World University Championship Mind Sports– Dates confirmation

Dear Friends,

As you may know, FISU has attributed the 2022 FISU World University Championship Mind Sports to the city of Antwerp, Belgium. After discussing with our Organising Committee and following your recommendation, we are happy to confirm that the Championship will take place from **12 to 17 September 2022**.

As you know, in 2022 FISU will celebrate 28 events between World University Championships and University World Cups. For this reason and considering the alterations in the sport calendars due to the COVID-19, we have tried to find the best compromise among our calendar and the dates for the respective sports. With this in mind, we kindly ask you to add our Championship to your respective event calendar for the mentioned year.

We are looking forward to collaborating with you on this event to make sure we deliver the highest event level possible.

May you require more information, do not hesitate to contact us (championships@fisu.net).

Sincerely,

A handwritten signature in black ink, appearing to read 'Eric Saintrond', with a long horizontal stroke extending to the right.

Eric Saintrond
FISU Secretary General/CEO
